13.00-16.30	Preliminary competitions of young agricultural equipment operators «WorldSkills»	<i>Static machinery exhibition</i>
15.15	Official opening ceremony of the exhibition	<i>Stage, Static machinery exhibition</i>
June 30, 2016		
08.00-16.00	Exhibition working hours	
08.30-09.15	Science and practical experiment «Soil profile»	<i>Trial Field Plot OF3 (KGAU)</i>
09.30-10.30	Forum: «Agriculture today. Problems, challenges and solutions» Key topics Development program of the agriculture Development of farms	<i>Conference hall No.1</i>
09.00-16.00	Preliminary competitions of young agricultural equipment operators «WorldSkills»	<i>Individual machinery demonstration</i>
10.45-12.00	<u>Industrial Forum</u> Discussion «Agro-climatic risks and plant adaptation ways in the Volga Region» Key topics Agro climatic risks and their influence on the industry Adaptation of the technology to the soil-climatic conditions Biological resources in enhancement of soils fertility Ecological responsibility of producers of the plant protection agents for safety usage of tanks from pesticides	<i>Conference hall No.1</i>

10.45-12.00	<p><u>Industrial Forum</u> Discussion«Animal husbandry» Key topics High quality nutritious feed in the dairy industry Livestock breeding Development of the beef farming in the Republic of Tatarstan. Tasks, perspectives economic challenges. Epizootic situation with the African swine fever in the world and in the Russian Federation. Measures to ensure the well-being of veterinary in the Republic of Tatarstan, Highly quality forage is a foundation for high milk production</p>	<p><i>Conference hall No. 2</i></p>
12.30-14.00	<p><u>Industrial Forum</u> Discussion «Technical modernization and import substitution in the agriculture» Key topics Practical measurements on modernization of agricultural machines and increasing mechanization level of the agriculture producers Advantages of the Federal Leasing program in the agriculture of the Russian Federation, Strategy development of import substitution in the agriculture Innovative machines of «Rostselmash», Implementation of the Federal Law on definition functional features of the agriculture machines Financial programmes for technical modernization of the agriculture Grain Cleaning Tractor T360, sowing machines Agrator and a line of soil processing machines Lukoil lubricators, opportunities, solutions, experience.</p>	<p><i>Conference hall No.2</i></p>
12.15-13.15	<p><u>Specialist’s business-meetings:</u> Companies of the Republic of Tatarstan, Russian Federation and foreign countries, organized by MatchMaking principles <u>“Agronomists’ hour”</u> LLC Kazan Agrohimservice LLC “Service Agro”</p>	<p><i>Trial Field</i></p>
12.15-13.15	<p><u>Specialist’s business-meetings:</u> Companies of the Republic of Tatarstan, Russian Federation and foreign countries, organized by MatchMaking principles <u>“Stockbreeders’ hour”</u> Udder hygiene agents from LLC «Skeenlife» Modern domestic technologies and microbiology safety of objects for veterinary inspection</p>	<p><i>Trial Field</i></p>
13.30	<p>Excursion to the engineering centres of Kazan</p>	<p><i>Meeting point is at the registration desk</i></p>
13.30-14.15	<p>Workshop on agricultural sprayers</p>	<p><i>Individual machinery demonstration</i></p>
08.00-16.00	<p>Exhibition working hours</p>	

09.00-10.15	Industrial Forum Discussion «Agro-climatic risks and plant adaptation ways in the Volga Region»	<i>Conference hall No. 1</i>
09.00-10.40	Industrial Forum Discussion «Animal husbandry»	<i>Conference hall No. 2</i>
10.15-11:30	Match Making “Hour of agronomists”	<i>Conference hall No.1</i>
11.00-12.30	Industrial Forum Discussion «Technical modernization and import substitution in the agriculture»	<i>Conference hall No.2</i>
10.00-15.00	Concert	<i>Stage, Campus</i>
10.00-11.00	Themed tours on plant production	<i>Meeting point is at the entrance into the pavilion</i>
11.30-12.00	Science-practical experiment “Soil profile”	<i>Trial Field</i>
12.15-12.45	Workshop: How to work with agricultural sprayers	<i>Commented machinery demonstration</i>
13.00-14.30	General meeting of the National Union of Plant Selection Breeders	<i>Conference hall No.1</i>
13.00-14.00	Specialist’s business-meetings: Companies of the Republic of Tatarstan, Russian Federation and foreign countries, organized by MatchMaking principles “Stockbreeders’ hour” Udder hygiene agents from LLC «Skeenlife», Modern domestic technologies and microbiology safety of objects for veterinary inspection	<i>Trial Field</i>
13.00	Excursion to the engineering centres of Kazan	<i>Meeting point is at the reception</i>
14.00-16.00	Excursions on plant breeding	<i>Meeting point is at the entrance into the pavilion</i>
15.00-16.00	Interactive work-shop Presentation of small business projects for participants of the economic youth camp “Erudit”	<i>Conference Hall No. 1</i>
July 02 2016		
08:00-16:00	Exhibition working hours	
10.00-14.00	Concert	<i>Stage, Campus</i>
09.00-10.15	Industrial Forum Discussion «Highly qualified staff is a basis for agricultural development» Key topics Training in the rural educational organizations Education of staff for entrepreneurship in the agriculture in Germany Role of WorldSkills movement in the education of highly qualified	<i>Conference hall No.2</i>

	professionals Professional strategies of the graduates of the scientific-educational cluster in the agriculture in the Republic of Tatarstan Modern Perspective of education of staff in the agriculture Agroholdings' experience in education and training of specialists with further employment Business education of the farmers. European and Russian experience. Experience of the Republic of Tatarstan in education of staff.	
10.00-11.00 12.30-14.00	Themed tours on plant breeding	<i>Meeting point is at the entrance into the pavilion</i>
10.00-12.00	Science and practical experiment«Soil profile»	<i>Trial Field Plot OF3 (KGAU)</i>
12.00-13.00 13.00-14.00	Workshop: How to work with agricultural sprayers	<i>Trial Field Plot OF3 (KGAU)</i>
14:00	Official closing ceremony	<i>Stage, Campus</i>
